Barnham Pupils Shine

June is here and with it come so are many of the school activities that we associate with this time of year—Sports Day, Performance from Years 5 and 6, Year 6 residential, School trips and activities; to mention but a few. Before we know it, we'll be looking back at the year and asking where it all went. In preparation for a busy term, we will continue to keep you updated as we near events and try to ensure that everyone is up to speed. As sometimes happens, some updates may fall through the net and so do please ask if you are unsure or have any questions about what is to come. Thanks as always for your fantastic support, it is so very much appreciated and forms the foundations for all that is achieved here.

June 2022

Our Mission: For all our children to be the best that they can be.

Successful Learners

The new topics for this term have really taken off and it is wonderful to see the fun, interest and creativity as the children experience new learning. Through the term we have been continuing to build on firm foundations of learning as well as challenging the children to develop, grow and push themselves. As always, the children are rising to meet this goal and we have been so pleased with their efforts and energy to achieve. Thanks you for all your continued support and with all you do at home; it makes such a difference.

Responsible Citizens

As shared in our previous newsletter, I wanted to update you on some changes to how we will be communicating as a school information and updates on the curriculum that the children experience. This is in response to the feedback we received last term as part of our family survey. Therefore, each term and in preparation for a new topic, we will email out and add to our website, a more comprehensive guide as to the learning outcomes and activities the children will experience. We will also be developing our weekly email that is sent out on a Friday, to incorporate more detail about the learning for the next week, across all subjects. Hopefully, these two developments will provide a greater insight into the school's curriculum as well as provide more detail for families when following up in chats or activities at home.

Whole School Dates

Inset Days for 2022-2023 have now been agreed and were emailed out to families before half term. They can also be found on the school's website.

An Open House will be held on Tuesday 12th July 3.00—3.30. This is a chance for families to join their child and share together some of the work they have produced this year.

Sports Day will be on 10th June split into 3 sessions. R SP, R/1 MH, 1 LM and 2SO/AB from 9.10 to 10.30; 2/3 MB, 3/4 JH and 4 AS from 10.45 to 12.00; and 5 PC, 5/6 RC and 6 DM from 1.15 to 2.45.

End of year reports will be provided for families on Friday 15th July and in a change to shared previously, will come home with your child, with copies for also posted for those who have requested it.

Living with Covid

We continue to grapple with the challenges of absence due to covid in the school and appreciate your understanding when needing to make swift changes to staffing and activities. Thank you for your continued support. Current guidance for schools continues to be as follows:

It is not recommended that children and young people are tested for COVID-19 unless directed to by a health professional. If a child or young person has a positive COVID-19 test result they should stay at home and avoid contact with other people for 3 days after the day they took the test. After 3 days, if they feel well and do not have a high temperature, the risk of passing the infection on to others is much lower, so they can return to school. This is because children and young people tend to be infectious to other people for less time than adults. Children and young people who usually go to school, college or childcare and who live with someone who has a positive COVID-19 test result should continue to attend as normal. Obviously if your child is unwell, they should remain off school until they are well enough to return.
