Piano Lessons at Barnham Primary School

WHAT?

I am pleased to write that I will continue to offer Piano lessons, on a Tuesday and Friday afternoon during school time for children age 7 and above.

HOW?

Lessons will be on a one-to-one basis and last 20 minutes for beginners (This would extend to 30 minutes when studying for Grade One).

The cost will be £11 for 20 minutes paid a term in advance for 10 or 12 weeks, depending on the length of the term.

I will send you a link for an appropriate book to be used that costs around £10

WHEN?

The timetable of lessons will be rotated so that a child does not miss the same opportunities in the classroom each week.

WHY?

Piano is a great instrument to learn from an early age as it uses both treble and bass clef music. Children often choose a second instrument later and find they have a good grounding of understanding music from their Piano lessons and progress quickly. I will teach children how to read the music alongside teaching technique for instrument.

However.....as with any skill, it is important that practice takes place between lessons to progress at a pace to keep interest and enjoyment. *Access to a piano or good sized keyboard at home is essential for this.*

WHO?

Children over 7 years old are best suited to learning the Piano. Being able to read with confidence is a good indicator of whether a child is ready to tackle reading music.

EXPERIENCE

I taught as a primary school teacher for over 10 years (including class music) and have tutored Primary Maths and English, and taught Piano lessons from 2010. I regularly enter children for ABRSM grade exams with an excellent pass rate and often with merit or distinction.

If you have any questions please do not hesitate to contact me (details above).
I will then contact you with confirmation & discuss payment.

Kind regards

Kate Holland
